MECHANICS OF COMPOSITE MATERIALS

Name: Muhammad Kashif Bangash

Current Position: Researcher

Institution: Politecnico di Torino

Department: Material Science and Technology

Education:

Ph.D. Material Engineering (Nov 2014 – Nov 2017)

M.Sc. Textile Engineering (2012- 2014)

B.Sc. Textile Engineering (2006-2010)

Research Interest:

Joining of dissimilar monolithic/hybrid materials.

Polymer, metal, and ceramic composites manufacturing,

Composites health monitoring and finite element

analysis.

Awards and Achievements:

- European Virtual Institute on Knowledge-based Multifunctional Materials (KMM-VIN) research fellowship (Appendino grant), 2015.
- HRDI MS Leading to Ph.D. Program of Faculty Development for UESTPS Phase-I, Politecnico Di Torino, Italy (2012-2017).
- Member of The American Ceramic Society's Global Graduate Researcher Network (GGRN), 2015-2017.

Social Interests:

Sports, travelling, reading, and volunteering for social causes.
