

4<sup>th</sup> International Symposium on  
**E**nergy **C**hallenges & **M**echanics  
- working on small scales

11-13 August 2015  
Aberdeen, Scotland, UK

## **Speaker of Session 02**

### **PHOTOVOLTAICS**

Carl Poelking is a Ph.D. candidate at the Max Planck Institute for Polymer Research in Mainz, Germany. He has a keen interest in the physics of energy-harvesting materials. His current research focus is the simulation of morphology and energy landscapes for charge and energy transport in organic semiconductors, with a strong emphasis on method development. He studied physics at the University of Heidelberg and Imperial College London.

4th International Symposium on Energy Challenges and Mechanics  
- working on small scales  
11-13 August 2015, Aberdeen, Scotland, United Kingdom
