

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of Session 13

MICROORGANISMS FOR ENERGY APPLICATIONS

Goldin Dimitri is a senior student in Pharmaceutical Engineering, Azrieli Jerusalem College of Engineering, Israel. Dimitri is developing a career in renewable energies and biogas. Currently, he is focusing on the impact of bioaugmentation in sludge digestion facilities on biogas and electricity production. Dimitri has already started his internship at Adin Holdings - an international water consulting and solutions company.
