

4<sup>th</sup> International Symposium on  
**E**nergy **C**hallenges & **M**echanics  
- working on small scales

11-13 August 2015  
Aberdeen, Scotland, UK

### **Speaker of Session 3**

#### **HYDROGEN GENERATION AND STORAGE**

Guido Lorenzi obtained his Bachelor and Master degrees in Energy and Nuclear Engineering from Politecnico di Torino in 2011 and 2013 respectively. His research field is electricity storage through the production of synthetic fuels (Power-to-Gas). He also works on demand response strategies and optimization for electric energy demand management.
