

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of Session 2

PHOTOVOLTAICS

Mr. Janvier Kamanzi is a PhD candidate in the department of Electrical, Electronic and Computer Engineering at the Cape Peninsula University of Technology working as a lecturer at the same institute. His research interest has been alternative means of power generation. His research output includes a photovoltaic (PV) panel simulator and multisided PV topology power dynamics and design. His current research relates to thermoelectric direct conversion panel development.
