

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of Session 24

ENERGY IMPACT OF SUPERCONDUCTORS

Kichiji Hatanaka is a Professor at the Research Center for Nuclear Physics of Osaka University. His research field is accelerator physics and experimental nuclear physics. He received his PhD from Kyoto University in 1980. After his PhD he moved to RIKEN where he joined the commissioning of the ring cyclotron. He moved to Osaka University in 1990. He was involved in nuclear physics researches as well as accelerator physics. Recently he has been developing HTS magnets for practical applications to accelerators and experimental devices.

4th International Symposium on Energy Challenges and Mechanics
- working on small scales
11-13 August 2015, Aberdeen, Scotland, United Kingdom
