

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of Session 03

HYDROGEN GENERATION AND STORAGE

Takashi Itoh is currently Associate Professor of Frontier Research Institute for Interdisciplinary Sciences (FRIS) at Tohoku University, Japan. He received Ph.D. (Applied Chemistry in Engineering) at Tohoku University, Japan, in 1998. Recent national recognitions include the Young Investigator Award (2003) in the Electrochemical Society of Japan and the Battery Committee Award (2003) from the Battery Committee in the Electrochemical Society of Japan. Current research interests are Spectro-electrochemistry for electrochemical reaction in electrochemical energy conversion devices such as Batteries and Fuel Cells.
