

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of Session 17

ENERGY HARVESTING

Takashi Yoshikawa received B.S. degree in physics from Tokyo University of Science, Japan.

He joined OKI Electric Industry corp. and has been engaged in the study of sound application using piezoelectric and magnetostrictive material, later in the study of the fiber optic sensor. He received Ph.D. in electrical and electronic engineering (1996) from Shinsyu University. He has been teaching as a professor (2011-present) in Kinki University of Technical College.
